THE MUNCYT IN A CORUÑA

The National Museum of Science and Technology (MUNCYT) is a state-owned museum dependent on The State Secretariat for Research, Development and Innovation of the Ministry of Economy, Industry and Competitiveness and operated by the Spanish Foundation for Science and Technology (FECYT).

The MUNCYT promotes scientific education, culture and knowledge through its historic collections of Science and Technology, providing a showcase for Spanish science. The museum houses both permanent and temporary exhibitions and also organises interactive and educational activities.

CHASE THE LINE

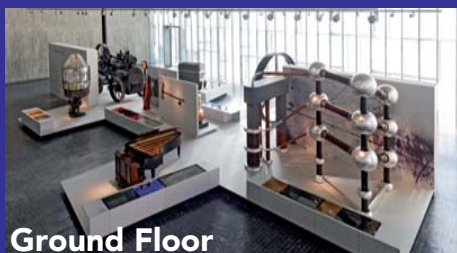

Seventh Floor

Travel through the past century and see how all of the day-to-day objects that surround us have evolved, from the telephone to the television.

Second Floor

Enjoy the MUNCYT treasure chamber, a place of worship of the oldest and most valuable collection of items in the museum.

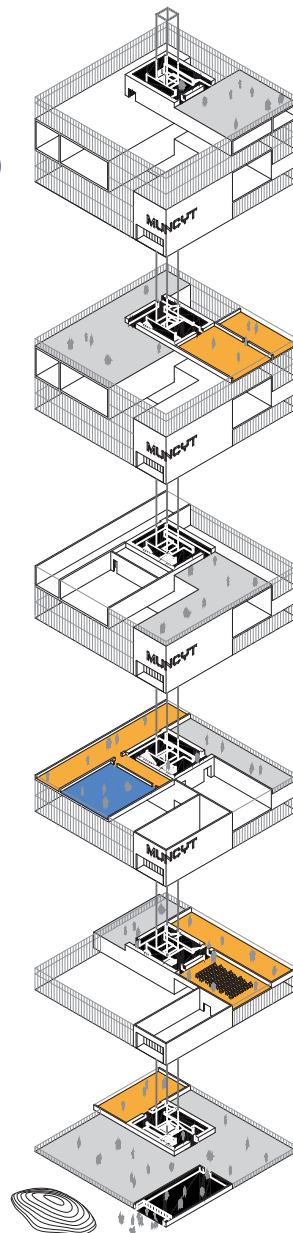

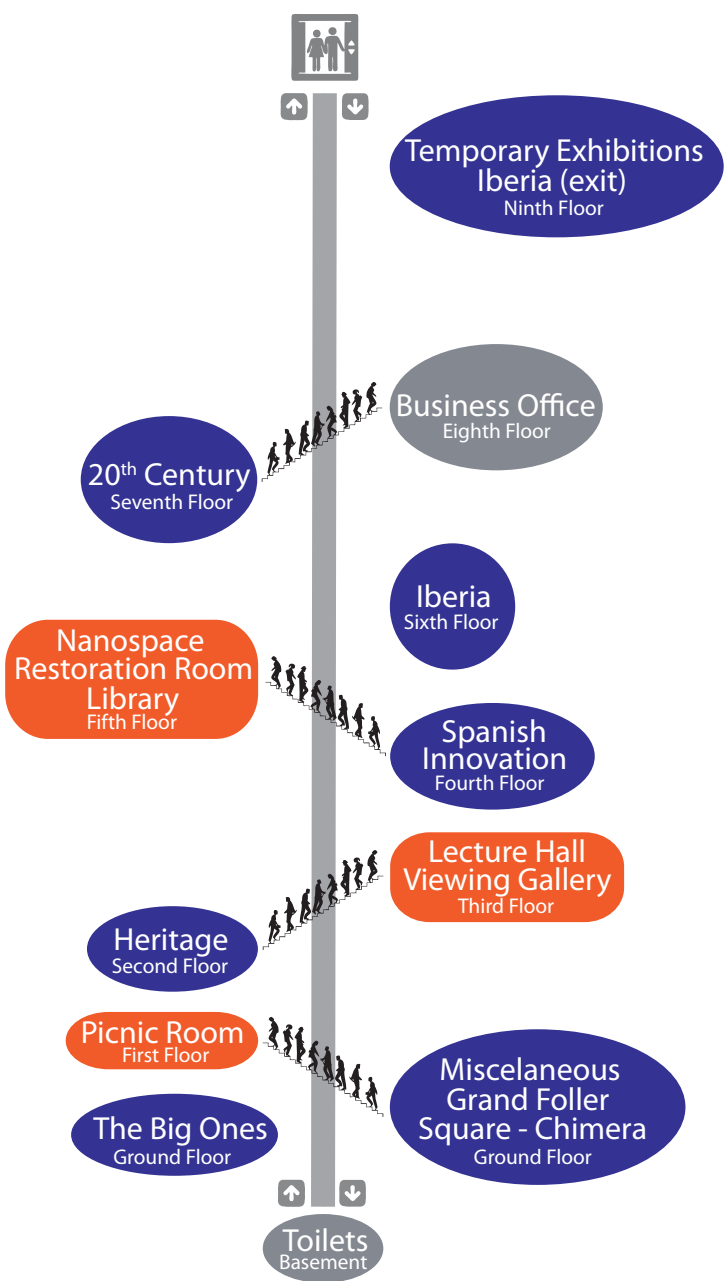

Ground Floor

Technological heritage is a synonym for enormous. Discover why, illuminated by the lantern at the Tower of Hercules lighthouse.

THE BIG ONES

HERITAGE

20th CENTURY

TEMPORARY

Ninth Floor

Our temporary exhibition hall has content that is updated regularly.

Sixth Floor

Come aboard the jumbo jet, the giant of the skies and a plane with a long history. A room to learn about and discover the heart of our Boeing 747.

Fourth Floor

A window into the history of science of our Spain. Take a look into the past with the collection of x-ray tubes from the Mónico Sánchez Laboratory or explore the scientific developments.

Ground Floor

A scientific-technological medley where you can find everything from strange gadgets to a peculiar display cabinet that shows our tireless robots: Pepexán and Marilú.
